ASSOCIATION MEETING MINUTES

July 28th, 2020

Held in the repaved alley behind Webster St @ 7pm. Freezer pops and chalk paint were provided so we could participate in the Fort Wayne Museum of Art at home Chalk Walk. 31 people in attendance.

- Business Meeting
 - Secretary's Report
Quickly summed up June's Association Meeting Minutes
 - Treasurer's Report
43 Dues Paid Members - Balance of \$24,323.92
 - New Business
 - Holiday Home Tour
Marlene F. and her committee met to get the ball rolling. It was decided to do a combo of virtual and in person touring through the neighborhood. Some ideas thrown out: a scavenger hunt for architecture and a "Where's Waldo/Find Santa" for the kids. Possibility for QR codes to scan at houses with historical markers. Carriage rides and food truck kick off. Want to film/photograph parts of homes. Marlene and the committee welcome input/ideas/help/new committee members. Possible Facebook post to ask for those things. Want to make this year's tour a gift to the community, but plan on asking for donations since it's our biggest fundraiser.
 - Old Business
 - INN Grant
Charlie talked about what grants got the top votes at SWAP. They were printed on the back of the meeting agenda as well. They are 'Expand City Neighborhood Grants' 'Sidewalk Match Reduction' 'Crosswalk Public Art' 'Park Pavilion #3 Exterior' 'Street Tree Planting -1' 'Street Tree Planting -2'. More info coming from SWAP at a later date.
 - HIP
6 Beautification and 1 Security have been approved. Lyndsay said she thought there was around \$1,000 left for other grants.
 - ALL In
Sarah S. wanted to remind everyone about this grant. She stated that our meeting in the alley counted toward the time spent on alley work to put towards the free solar powered motion sensor light.

- Harrison Street Trees
Marlene called in to have these trees trimmed. It made visibility difficult when pulling up to an intersection. The city completed this promptly!

- Adjournment
 - The next scheduled meeting is August 25th, 7pm. Location TBD.
